

New Jersey Society of Certified Tree Experts

The New Jersey Society of Certified Tree Experts will offer four one-day Preparatory / Educational Sessions open to all individuals who either wish to take the Certified Tree Expert examination, need CEU's, pesticide credits, or just want to update themselves to current problems and solutions. The intense four-day course will cover such topics as Tree Identification, Tree Anatomy, Tree Physiology, Insects, Disease Cycles, General Tree Care and a sample examination plus review.

All those who wish to benefit from this unique opportunity ***must register by March 24, 2017.*** **Send in the registration form below along with a check, money order, or PO made payable to "NJ Society of CTE", and mail to NJSCTE 101 West Veterans Highway, Jackson, NJ 08527.** Lunch will be provided for those who register by the above deadline. Late registrants MAY be accepted if space and materials are available, however late registrants will not be guaranteed a lunch. Prep Courses will be held *RAIN OR SHINE*, so dress appropriately!

Due to limited space at sites, handouts, and scheduling, registrations are on a first come, first served basis. Class size is limited to 50. Don't get shut out, register now!

Same day registrations will not be accepted, send this in TODAY!
